

ROTARY feeders

STANDARD ROTARY FEEDER

Our rotary vane feeders are designed to feed ingredients or product into your continuous process. Available in mild or stainless steel our rotary feeders are often utilized to feed dry product into the Mistcoater. It is available in various sizes, to accommodate your process flow rates.

SLIDE-OUT ROTARY FEEDER

Our slide-out rotary feeder allows you access to the rotor for easy cleaning. Available in 304 or 306 stainless steel, the slide-out rotary feeder is available in various sizes to accommodate your process flow rates. The slide-out option is suitable for applications with higher sanitation requirements.
